FEITIAN
WE BUILD SECURITY

FEITIAN Fingerprint Card is a Smart Card embedded with biometric sensor and a secure element.

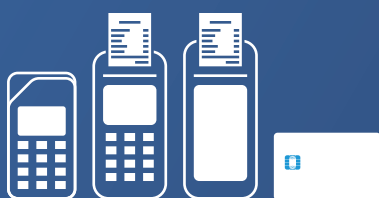

- Biometric Image Capture (Enrollment / Verification)
- Image Feature Extraction
- Secure Template Storage
- Matching on SE

These functions are performed within the card.
The fingerprint data never leaves the card.

FEITIAN Fingerprint Card is the perfect combination of portability and security for payment and access control.

COMPATIBILITY

Compatible with current payment terminals.

PRIVACY

All security data of fingerprint are performed within the Secure Element.

EASY ENROLLMENT

8-PIN FINANCIAL MODULE PRODUCTION TECHNOLOGY
